ROLE

Front End Web Developer

TECHNICAL SKILLS

- Proficient in HTML, CSS, and JavaScript, with a focus on building responsive and visually appealing web interfaces
- Familiarity with modern frontend frameworks such as React.js, and eager to learn and apply new technologies.
- Basic understanding of version control systems like Git for efficient code management and collaboration experience with basic web performance optimization techniques to enhance site speed and user experience.

personal skills

- As a college representative, I led initiatives to improve student engagement. This experience honed my leadership and communication skills
- Member of College Cricket Team
- Positive attitude and confidence in my ability
- willingness and passion to learn emerging technologies

SKILLS

Programming Language

- HTML - 5
- CSS
- Bootstrap
- Javascript
- React.js

Other Skills

- Power point
- MS word
- Excel

Tools

- Visual Studio Code
- Sublime

CERTIFICATIONS

Full Stack Web Development course at Credo Systems.

PROJECTS

HTML And CSS

Solar System, Aadhar Card form, HTML tutorial, resume, audio/video player, contact forms, login pages, E-commerce websites, Google front page replicas, airline tables project I completed all the above projects within two weeks of joining credosystemz

Javascript

- Simple calculator, countdown ,calculator , todo list , indian airlines app

React.js

- **Age calculator** - a simple age calculator component in React.js using functional components and hooks
- **Car Loan EMI Calculator** - Built an EMI calculator using React, enhancing user experience with dynamic loan repayment simulations
- **BMI Calculator** - Developed a BMI calculator in React, improving health awareness through intuitive user interface and real-time calculations
- **FD Calculator** - Created an FD calculator in React, facilitating financial planning with accurate interest projections and user-friendly design
- **QR- Code Generator** - Designed a QR code generator in React, streamlining data sharing with customizable codes and intuitive functionality
- **Binery Desimal** - Implemented a binary to decimal converter in React, enhancing numeric computation with efficient conversion algorithms and user-friendly interface
- **Countdown** - Developed a countdown app in React, improving time management and event anticipation with customizable timers and intuitive design

LAUNGUAGE KNOWN

Tamil and English
